Screaming out of Seattle, Washington, **Dr. Crüe** is the West coasts hottest Mötley Crüe tribute band! Paying homage to one of the baddest ass bands of all time, **Dr. Crüe** takes you back to a Decade of Decadence, unleashing all the powerhouse Mötley Crüe hits, in a way you have probably never heard, and most definitely have not EVER seen. EVER. Unless you actually attended a Crüe concert in the 80's...then nevermind. ;)

Founded in 2017, the lineup consists of veritable who's who of Pacific Northwest performers: Shawn Worra (of Hysteria & previously Grinder) as Vince Neil, Marco Lago (of Hysteria & previously Hair Nation) as Nikki Sixx, Doug Cisler (of Hysteria and Anthem) as Mick Mars, and Paul Higgins (of Stonebender & previously Grinder) as Tommy Lee. These four seasoned musicians bring on a killer, over the top high energy live show combined with virtuosic musicianship and striking visual presence of a real 80's era Mötley Crüe concert!

Even Tommy Lee himself, was not quoted as saying this about the band, "Dr. Crüe are the baddest mother f@#%s around!! I mean those f@#%s really know how bring it and kick your mother f@#%ing ass, maaaaan. My band are a bunch of f@#%ing whiners now, f@#% those guys, Dr. Crüe really knows how to f@#%ing deliver the goods! And another thing..."(at this point in the interview, Tommy tripped over a beer bottle, fell on a couch and passed out).

Be on the lookout for **Dr. Crüe** coming to a town near you...and don't say you weren't warned!!
